GRANT OF LICENSE

There may be low-resolution comping images (the "Low-Resolution Digital Media") and there may be high-resolution images (the "High-Resolution Digital Media") on each disc or internet download.

Licensor(s) grants to you and your employer, if you are licensing on behalf of your employer, a non-exclusive, non-sub licensable right to use any software obtained from Licensor(s) ("Software") and any of Licensor(s)' Low-Resolution Digital Media and High-Resolution Digital Media and any derivatives or copies (collectively, the "Digital Media"), on your personal computer. The Digital Media, Software and disc may not be shared by creating a disc library, Digital Media storage jukebox, network configuration or similar arrangement and you may not create a network of servers, either with or without a central location, which enables others to share the Digital Media, Software or discs. You may not utilize the Digital Media, Software or disc in any manner that is not expressly permitted in this license agreement.

All rights not specifically granted above are retained by Licensor(s). One copy of the Digital Media and Software may be made for backup purposes only, but may be used only if the original Digital Media or Software becomes defective, or is destroyed or otherwise irretrievably lost. Except as specifically provided in this license agreement, no Digital Media, Software or disc may be shared or copied. Software may be used only in conjunction with the Digital Media.

The Low-Resolution Digital Media may be used in materials for PERSONAL, NONCOMMERCIAL use and TEST or SAMPLE use, including COMPS and LAYOUTS. The Low-Resolution Digital Media may not be used in any final materials distributed inside of your company or any materials distributed outside of your company or to the public, including but not limited to, advertising and marketing materials or any online, broadcast or other electronic distribution system (except that you may transmit comps digitally or electronically to your clients for their review) and may not be distributed, sublicensed or made available for use or distribution separately or individually and no rights may be granted to the Low-Resolution Digital Media.

The High-Resolution Digital Media may be used on a worldwide and perpetual basis as a part of:

- (i) ADVERTISING and PROMOTIONAL MATERIALS (including packaging);
- (ii) ONLINE or other ELECTRONIC DISTRIBUTION SYSTEMS (including web page design) and BROADCASTS or THEATRICAL EXHIBITIONS;
- (iii) ANY PRODUCTS (including for-sale products) or PUBLICATIONS (electronic or print); and

(iv) Materials for PERSONAL, NONCOMMERCIAL use and TEST or SAMPLE use, including COMPS and LAYOUTS.

No High-Resolution Digital Media may be sublicensed, resold or otherwise made available for use or distribution separately or detached from a product or web page. For example, High-Resolution Digital Media may be used as an integral part of a web page design, but may not be made available for downloading separately or in a format designed or intended for permanent storage or re-use by website users. Similarly, clients may be provided with copies of High-Resolution Digital Media (including digital files) as an integral part of work product, but may not be provided with High-Resolution Digital Media or permitted to use High-Resolution Digital Media separately. Use of the High-Resolution Digital Media, or any part thereof, as a trademark or service mark, is not permitted. Pornographic use, use which would be defamatory or libelous absent the consent of the model or use which is otherwise unlawful is prohibited. If High-Resolution Digital Media featuring a person is used in a manner that implies endorsement, use of, or a connection to a product or service by that model, or a potentially unflattering or controversial subject, you must print a statement which indicates that the person is a model and is used for illustrative purposes only.

You may not include the Digital Media in any electronic template or application, including those which are web-based, where the purpose is to create multiple impressions of an electronic or printed product, including but not limited to, website designs, presentation templates, electronic greeting cards, business cards or any other electronic or printed matter.
